Coaches,

Welcome to the 48th Annual Big New England Football Clinic. This unique clinic is designed to meet the needs of high school, college and youth football coaches in a 2-day, multi lecture format. Past director and founder, Chet O'Neill, started the BNEFC as a forum for football coaches at all levels to learn more about the game through topic-specific lectures while also enjoying a weekend away in scenic Newport, Rhode Island.

We are proud to continue our partnership with Perform Better as our title sponsor. Chris Poirier and his staff at PB have been loyal supporters of our clinic and the game of football for many years. We look forward to a long mutually beneficial relationship with Chris and Perform Better. In addition we thank Gold Athletics, Catapult Sports and Adrenaline Fundraising for their respective sponsorships of our 2022 clinic.

We are happy to provide our HS/College live demonstrations in the hotel atrium (blue room) this year for the 3rd year. A special thanks to head Coach Kevin Gilmartin of Salve Regina University who supplies his players for our live demonstrations. There will be six (6) lectures taking place each period with color-coded rooms to designate level, topic and speaker. This format gives each coaching staff the opportunity to split up and attend different lectures, thereby taking advantage of multiple topics and coaches.

As always, we provide a wide variety of football-specific vendors with excellent products and services for coaches at every level. Please take the time to stop by each booth and visit with our outstanding exhibitors who also contribute prizes to our raffle.

We would like to thank our 2022 clinicians, clinic staff, exhibitors and, especially, the attending coaches. A special thank you to Marriott personnel; General manager Walter Andrews, Event Manager Mary Lynn Williams, Event Tech Manager Bruce Browning, Mainsail Restaurant Manager Davon Saunders, along with Freddie Brooks and the Front Desk staff, and the entire Marriott staff for their cooperation and assistance in the planning and administration of the clinic.

Thank you for your continued support of The Big New England Football Clinic and we hope that you and your staff enjoy a great weekend here with us in Newport.

Sincerely,
Keith Kenyon & Terry Lynch

A tribute to
Coach Harold "Bud" Kenyon
1928-2021

The football profession lost a great one when legendary high school football coach, Bud Kenyon, 93, passed away on Christmas morning, 2021. Bud was closely associated with our clinic for many years as a clinician, staff member, and attending coach.

An inspiration and mentor to countless students and coaches, Bud was a highly successful coach at the high school level at (4) different NY State schools: Oriskany Central School, Hoosick Falls Central HS, Guilderland HS, and Greenwich HS. In a career that spanned nearly 50 years as a head coach, Bud never experienced a losing season.

A prominent force in New York State's Section II football community for decades, Bud was devoted to improving the game of football, as he hosted annual clinics and seminars for local high school and college coaches' professional development. His impact on the game and a generation of students and athletes will long outlive him. Rest in Peace, Coach Kenyon, and thank you for your contributions to this clinic and the great game of football.
